VIBGYOR ACE

NEWSLETTER

Progressing with Purpose. Inspiring Excellence.

August at VIBGYOR ACE continued the **2027–28 admissions journey**, with orientation sessions across multiple locations helping students gain greater clarity about the ACE Integrated Programme and the opportunities it offers. The month also brought together learning beyond the classroom through practical sessions, while **VAPL 2026** gave students an exciting platform to learn, compete, and lead.

VIBGYOR ACE Orientation Programme | Continuing the 2027–28 Journey

Clarity for the Road Ahead

The momentum continued in August with **orientation sessions conducted across multiple locations** as part of the ongoing admissions journey for the **2027–28 academic year**.

These sessions provided students and parents with deeper insights into the ACE Integrated Programme, its academic approach, career pathways, and the opportunities available through the ACE learning ecosystem.

With continued engagement across locations, the sessions are helping students make **informed academic choices with greater clarity and confidence**.

VIBGYOR ACE Premier League

The **VIBGYOR ACE Premier League (VAPL) 2026** brings together **Grade VIII students from 13 participating VIBGYOR schools** for an exciting inter-school quiz focused on **Mathematics and Science**.

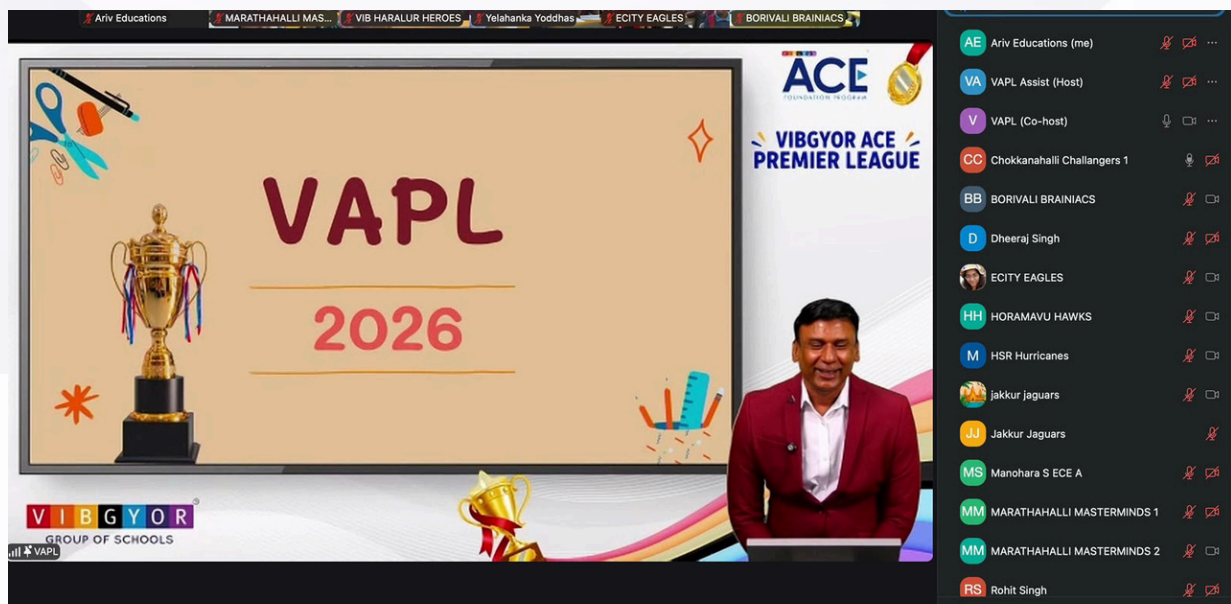

Designed around **Higher-Order Thinking Skills (HOTS)**, the live quiz encourages students to move beyond memorisation, apply concepts, think critically, and showcase their problem-solving abilities.

AUGUST 31, 2026

Meet the Teams

ECity Eagles | Haralur Heroes | Horamavu Hawks | Chokkanahalli Challengers | Airolu Achievers | Malad Mavericks | NIBM Ninjas | HSR Hurricanes | Marathahalli Masterminds | Jakkur Jaguars | Yelahanka Yodhas | Borivali Brainiacs | Balewadi Blazers

With **13 schools, one live quiz, and countless young minds ready to compete**, VAPL creates an engaging platform for students to challenge themselves, represent their schools, and experience the spirit of healthy competition.

Learn. Compete. Lead.

Learning in Action | Practical Learning Across Campuses

From Concepts to Application

Learning at VIBGYOR ACE extends beyond the classroom, with students engaging in practical sessions that bring concepts to life through observation, experimentation, and hands-on application.

This month, practical learning highlights included:

- Grade XII Biology Practical – NIBM
- Grade XII Biology Practical – Horamavu
- Grade VIII Physics Practical – Chokkanahalli
- Lab activity – Horamavu

These experiences encourage students to connect theoretical concepts with real-world application while developing curiosity, analytical thinking, and a deeper understanding of the subjects they learn.

Physics experiment Grade VIII - Chokkanahalli

Biology practicals Grade XII - NIBM

Lab activity - Horamavu

DNA Extraction Lab Experiment Grade XII - Hennur

From the Desk of the Principal

The **ACE Programme** brings board examination preparation and entrance exam coaching together through a well-planned, unified daily schedule. This enables learners to focus on both academic and competitive goals without the added burden of managing separate classes, teaching approaches, and timetables. A dedicated team of teachers tracks their progress

closely and provides consistent academic support. The integrated structure encourages effective time management and reduces the pressure associated with balancing multiple preparations. Through **ACE Connect**, parents receive regular updates on their ward's progress and performance. This promotes transparency and enables parents to remain meaningfully involved in their child's academic journey. Overall, ACE provides learners and parents with a coordinated, supportive, and focused preparation experience.

Ms. Jayashri Bhake
Principal
VIBGYOR School, Malad East
