Achievements. Exploration. Future Readiness

From prestigious university admissions to hands-on practical learning experiences, June was filled with milestones that showcased student growth and academic excellence. The month also brought valuable guidance sessions to help students and parents navigate future opportunities with confidence.

Grade XII Placements | Celebrating New Beginnings

From
Aspirations
to *Admissions*

As our Grade XII students begin their higher education journeys, we are delighted to celebrate their admissions into some of India's and the world's reputed institutions. These achievements reflect years of hard work, focused preparation, and informed career planning.

Here are some of the placements secured by our students so far:

STUDENT	LOCATION	UNIVERSITY
Mima Grace Mathews	Haralur	IIT Kharagpur
Danica Tara Vincent	Haralur	NIT Surathkal
Esther Ann Joseph	Haralur	American University of Antigua
Shrisay Kumar	Haralur	University of Wisconsin-Madison
Sharanya Shenoy	Kadugodi	VIT
Kritika Patni	Marathahalli	BITS Pilani
Ahan Maji	NIBM	VIT

These are just some of the placements secured so far. With admissions counselling and university processes still underway for many students, we look forward to celebrating many more exciting offers and achievements in the coming months.

We congratulate all our students and wish them continued success as they embark on this exciting new chapter of their academic journey.

Learning in Action | Experiential Learning Across Campuses

From
Concepts
to *Application*

Students across VIBGYOR ACE campuses participated in practical sessions and activity-based learning experiences designed to strengthen conceptual understanding through hands-on application.

Featured activities from this month included:

Grade VIII Learning Activities – Balewadi

Biology practical session – Marathahalli

Biology Practical Session – Jakkur

Chemistry Practical Session – NIBM

JUNE 30, 2026

Featured activities from this month included:

Grade XII Physics Practical Session – Hinjewadi

Physics Practical Session for grade XI at Jakkur

Grade IX Learning Activities – Balewadi

Every practical is more than an experiment, it's an opportunity to think, question, and discover.

This month, students across **VIBGYOR ACE campuses** experienced science through immersive **lab sessions** and **hands-on activities** that strengthened **conceptual understanding** while nurturing analytical thinking.

By learning through experience, our students aren't just preparing for examinations, they're developing the mindset of **future innovators, engineers, and healthcare professionals**.

JUNE 30, 2026

Grade VIII Learning Activities – Haralur

These sessions encouraged students to observe, experiment, and apply concepts beyond the classroom, helping bridge the gap between theory and practice while fostering curiosity, critical thinking, and scientific inquiry.

Career Guidance Session | Stream Selection & Future Pathways

Empowering Informed Choices

Choosing the right academic stream is one of the most important decisions in a student's educational journey. To support students and parents during this crucial stage, Mr. Tushar Sinha Sir conducted an orientation session focused on stream selection and emerging career opportunities.

The session covered:

- Evaluating stream options based on a student's strengths and interests
- Common pitfalls to avoid while selecting a stream
- Emerging career opportunities across various fields
- A live Q&A session addressing specific questions from students and parents

The session provided valuable insights into making informed academic decisions while helping families understand the connection between stream choices, career aspirations, and future opportunities.
