NEWSLETTER

Excellence. Opportunity. Achievement.

September at VIBGYOR ACE was marked by celebration, new opportunities, and stronger parent engagement. From recognising the champions of **VAPL 2026** to introducing the **VIBGYOR ACE Scholarship Test** and **ACE Insights**, the month continued to create meaningful avenues for students and parents to connect with the ACE journey.

VAPL 2026 | Celebrating Our Champions

Learn. Compete. Lead.

The VIBGYOR ACE Premier League (VAPL) 2026 brought together Grade VIII students from 13 participating VIBGYOR schools for an exciting inter-school quiz focused on Mathematics and Science.

The competition witnessed enthusiastic participation, with students demonstrating their knowledge, quick thinking, and problem-solving abilities across multiple rounds. The prize distribution ceremony celebrated the achievements of the teams and recognised their outstanding performance.

ACE Insights | One Focused Session. Complete Academic Clarity

VIBGYOR ACE introduces ACE Insights, a daily interactive evening session designed to help parents stay connected with their child's academic progress, learning journey, and preparation.

Through regular updates and meaningful academic insights, parents can better understand what their child is learning, where additional support may be required, and how they can stay involved with greater clarity.

From the Desk of the Principal

Building Strong Foundations for Future Aspirations

Success in competitive examinations such as JEE and NEET requires more than preparation in Grades 11 and 12. Strong conceptual foundations, problem-solving skills and consistent learning habits need to be developed over time.

With this vision, our school offers ACE Foundation for Grades 8 and 9 and ACE Integrated for Grades 11 and 12, creating a structured pathway for students aspiring to pursue engineering or medicine.

ACE Foundation focuses on strengthening core concepts in Science and Mathematics while developing logical thinking, application skills and problem-solving abilities. Starting early allows students to understand concepts deeply and gradually become familiar with the demands of competitive examinations, without the pressure of last-minute preparation.

ACE Integrated builds on this foundation by connecting the school curriculum with focused preparation for competitive examinations. Students benefit from systematic practice, conceptual reinforcement and application-based learning while continuing with their regular academic programme.

Beyond examination preparation, these programmes nurture discipline, time management, perseverance and confidence—skills that are valuable for every student, irrespective of their eventual career choice.

At VIBGYOR High, our endeavour is to prepare students not just for an examination, but for the journey ahead.

ACE Foundation builds the base. ACE Integrated strengthens the pathway. Together, they help students move towards their aspirations with stronger foundations and greater confidence.
